Bitcoin is pretty much like cash for the Internet, according to bitcoin.org. People can purchase bitcoins or fractions of a bitcoin through online exchanges or from an individual and store them in a virtual wallet.. When my startup first moved to San Francisco, we lived in a dingy two-bedroom apartment with six people and we called it the bitcoin basement, Gardner, 26, told ABC News during a tour of the three-bedroom house he now shares with other diehard cryptocurrency believers.. One notable guest, he says, was Vitalik Buterin, the 24-year-old founder of cryptocurrency Ethereum who's reportedly worth more than 400 million.. When we found a new house with spectacular views that really feel castle-like, Cryptó Castle made sense.. Imagine a dorm room combined with a think tank with a revolving door of cryptonomads..
